a climate conversation tool

- **C** Clarify your actions
- **O** Observe your impacts
- **O** Own your responsibility
- **L** Live your values

FOR ORGANIZATIONS
Tell the truth about your impacts.

FOR THE PUBLIC
Check those claims with open eyes.

C Clarify your actions

Is this position backed by reliable evidence, or is it supported by unproven claims?

FOR ORGANIZATIONS
What can we prove about our climate claims, and what are we still guessing?

FOR THE PUBLIC
What proof backs this organization's claim, and who gains if I believe it?

#BeCOOLforClimate

O Observe your impacts

How do these operational structures and supply chains drive the broader problem?

FOR ORGANIZATIONS
What materials, energy, and rules are behind what we make and do?

FOR THE PUBLIC
What's behind this product or promise, and will the organization show the whole picture?

#BeCOOLforClimate

O Own your responsibility

What specific decisions are within your immediate power to change, pivot, or stop right now?

FOR ORGANIZATIONS
What's one small change we could test this month, and who can approve it?

FOR THE PUBLIC
What could this organization change, try, or stop right now, and what is it promising to do?

#BeCOOLforClimate

L Live your values

Do your habits and decisions match the values you say matter?

FOR ORGANIZATIONS
Do the goods and services we provide live up to the values we state in public?

FOR THE PUBLIC
Does this organization live its own stated values in what it sells and does, and do those values match mine?
